INTEGRATION AND DIVERSIFICATION STATEMENT

Rita Reyna Brent ("Brent"), an applicant in the above-entitled proceeding, by her attorneys and pursuant to the *Prehearing Conference Order* (FCC 93M-114) released March 19, 1993, and Section 1.324(c)(2) of the Commission's Rules, hereby submits her Integration and Diversification Statement.

Ownership Structure

Brent is an individual applicant.

Integration

Brent will seek a credit for 100 % integration of ownership and management. As sole owner of the proposed station, Brent will manage the station. She will work full-time (a minimum of forty [40] hours per week) as the station's General Manager. As General Manager she will be responsible for overall supervision of station operations. Her duties and responsibilities will include, but will not be limited to:

- * supervision and oversight of all departments of the station, including business, sales, traffic, programming, engineering, and administration;
- * determination on a day-to-day basis of all station policies;
- * recruitment, hiring, evaluation, promotion, and dismissal of all station personnel; implementation of the station's Equal Employment Opportunity Program;
- * selection, purchase and acquisition of all equipment (hardware and software) used at the station;

Gender

Brent, a female, claims whatever comparative enhancement may exist for her gender.

Auxiliary Power Sources

Brent has proposed to install auxiliary power generating equipment at her studio and transmitter site locations. The auxiliary equipment will allow Brent to serve the New Albany community during commercial power failures, and thereby provide emergency weather and other priority information to listeners.

Accordingly, Brent will claim comparative enhancements under the integration prong of the standard comparative issue for: past and present local residence; minority status; gender to the extent such exists; auxiliary studio and transmitter power. Brent does not seek enhancements for civic participation and does not seek a daytimer preference.

Diversification

Brent has no interests in any medium of mass communications and will therefore claim a credit for diversification.

Respectfully submitted,

RITA REYNA BRENT
